★ - \$1000 Need a roommate? I need a room! (Manhattan (Heck wherever))

So after going through a crazy roommate situation I'm now looking for a new apartment.

It was one of those hey rents due! Roommate disappears. Oh No! Must protect my credit! (Which I'm rebuilding otherwise I wouldn't get a roommate) Yippie lets throw out DOUBLE what I previously planned on paying for the month.

SO lovely people out there in roommate land, me? 30'ish guy who recently started a new job full time, works freelance part-time/weekends. I'm a laid back personality but down for the cause if there is one. I don't have a lot of stuff so I don't need a

huge room, but I would like some walls. In my spare time I like brainstorming startup businesses, playing various sports, grabbing an occasional drink and moonlighting as an independent filmmaker of sorts. No crazy girlfriends just dating here and there. My main goal this year is really just to get my money up and save a little.

Now I do have one caveat, and if you can work with me I'll make it worth your while. Kind of got beat up by the previous roommate thing so if you can hang loose on the deposit for about 2 weeks until I get my next paycheck we can agree on a little extra loot as a way of me saying thanks.

I'm like a Lannister, and no I won't hack you to bits at your wedding...(did you get the reference? Oh COME ON, what rock? This post is over, can't even, forget it, we just WON'T get along)

No serious, I need a place. Sides....

Winter is coming....eventually....
